Annual Report, 2021 – 2022

We are pleased to inform you that during the financial year 2021-2022, we have supported the following eight projects in communities from lower socioeconomic backgrounds in India, in the areas of health and education.

The basis of selecting these organisations has been either our own experience (visiting these centres and meeting with people working there), or through our close friends who are working with one or more of these organisations and are convinced of their genuine social impact. In both these cases we gathered information on organisations' aims and objectives, transparency in accounting (income and expenses), and the impact of their services in the communities they serve.

1. Muni Sava Ashram (www.munisevaashram.org)

Located in District Vadodara in Gujrat, this organisation has been at the forefront of serving poor communities in health, education, and social welfare. We donated \$1800 (Rs 100,000) to this organisation, half of the funds for education of poor children and the other half to provide medicines to poor patients.

2. KalyanamKaroti(www.kkm.org.in)

This NGO, situated in Mathura, Uttar Pradesh, has been providing education and health service to poor and/or handicapped children in north India. They also hold camps in rural areas for eye diseases including cataract for people from economically poor backgrounds. \$1800 (Rs 100,000) was donated for cataract operations of about 50 people.

3. Rural Medical Society

This society provides health services through its hospital (Rural Medicare Centre) in Delhi. We donated \$1846 (Rs 100,000) to provide medicines to poor patients.

4. SSDPublic Inter College

We donated \$ 903 (Rs 50,000) to this primary school located in a rural area of District Hathras in Uttar Pradesh to help provide books and stationery to poor children.

5. Amar Seva Sangam

Based in Tamil Nadu, Amar Seva Sangam, has long been serving disable people by providing them medical facilities and necessary equipment. \$1805 (Rs 100,000) was donated to this organisation.

6. Aim for Seva (www.aimforseva.in)

This NGO provides free shelter, education and healthcare for children from impoverished or disadvantaged backgrounds in rural and remote communities all over India. We donated \$3,195 (Rs 177, 260) to them.

7. Avsath Vidya Sansthan(AVS) (www.avsath.org)

AVS is based in Ahemadabad, Gujarat and provides free education to poor children in rural areas. We donated \$903 (Rs 50,000) to them.

8. Underprivileged's Advancement by Youth(UPAY) (www.upay.org.in)

UPAY has been working with street children from poor colonies in cities in many parts of India. Their mission is to replace the begging bowl with books. In order to enhance their activities, we donated \$ 903 (Rs 50,000) to UPAY.

In account summary, total donations received were \$15,582 and total money sent to various projects in India was \$13,371.50.

Thus, there has been a significant increase in the donations received this year that enabled us to fund more projects in underprivileged communities in India.

A detailed financial report is attached.

We would like to thank our donors for this humanitarian work. May we assure them that their donations have been directed thoughtfully to achieve our shared goal of service to humanity.
